

# Mundaring Powerlines

23 July 2023

Come and join us on a winter adventure along the Mundaring Powerlines.

It is pretty much guaranteed to be wet, muddy and slippery.

Given there is a good chance someone will need to be recovered during the day you will need to make sure that your vehicle has rated recovery points.

Make sure you bring your sense of humour, wet weather gear, lunch, air compressor and your recovery gear.
